July 21, 2025

Dear Friend:

The Topsail Cannons are a travel baseball organization started in 2018. We are a 501-3c non-profit and as such any contributions to our organization are tax deductible. Our goal is to provide kids in the Hampstead, NC area an opportunity to play baseball on a competitive level without the high cost usually associated with travel baseball. We do this for the kids, NOT the profits like many other teams and organizations. We also try and keep our tournaments as local as possible to limit unnecessary travel expenses. Since its inception the Cannons have fielded teams in multiple age groups and had more than 60 local players come through our program at various times. We are an all-volunteer organization and as such we are motivated not by profits, but by the positive experience we provide for our kids.

Although the organization has no paid staff, the cost of each season can be close to \$1000 or more per player when you factor in field rentals, tournament cost, uniforms, equipment, insurance, ect. The Cannons are seeking sponsors for our upcoming season to continue to provide this opportunity and perhaps have more resources with which to enhance our program. Any support you can provide is greatly appreciated. On the subsequent pages of this letter is a breakdown of our sponsorship levels.

For further information, please contact tim@topsailcannons.com or check out our website at www.topsailcannons.com.

Thank you for your consideration.

Sincerely,

Tim Chadwick
Topsail Cannons, President
